

## **2022 New London Waterford Speedbowl Tire Policy**

Note: This is subject to change based on tire supply

### **Tire Inventory guidelines:**

- All 6 regular Saturday divisions will have a managed Tire Inventory for the 2022 Season. Weekly purchase limits will follow the posted Tire Schedule. All weekly purchase limits will be based on tire availability from Hoosier Tire East and are subject to change.
- No tires can be purchased from Hoosier Tire East.
- Drivers MUST be registered with the New London Waterford Speedbowl in order to receive a tire coupon for the division they are competing in at each event.
- The Driver must be signed in at the Handicappers Booth and your car on property in order to receive your Tire Coupon for the event. No one is allowed into the Hoosier Tire Compound without a Tire Coupon.
- If you do not purchase the allotted number of tires for a given week, you lose those tires from your inventory. There is NO "banking" of tires, this amount does not carry over to future events. Used tires can be used in place of what is allowed to be purchased to fill your inventory for a given week.
- Tires cannot be swapped between drivers as inventoried tires.
- ALL tires will be recorded on both the Tire Coupon and with the Tire Official at the Hoosier Tire Truck. If no tires are purchased, you must state that on your coupon. Tires MUST be recorded prior to leaving the Tire Compound. The Tire Coupon will remain with the Tire Official after recording the numbers.

### **Tire Purchase Amount on April 9th:**

- Below are the maximum number of new tires that can be purchased at the track from Hoosier Tire East. These tires will begin your inventory for the season.
  - SK™ Modifieds – 4 Tires
  - Late Models – 4 Tires
  - Street Stocks – 4 Tires
  - SK Lights – 4 Tires
  - Mini-Stocks – 4 Tires
  - Trucks – 4 Tires
- Tire Purchases for opening Day-May 7<sup>th</sup> have not been set at this time. This will be announced no later than May 2<sup>nd</sup> and will be based on availability. Teams should be conserving their tires as much as possible as availability from week to week is not guaranteed regardless of what the posted allotment states.
- Tire purchase amounts for new competitors and existing competitors will be announced no later than the Thursday before the next event. This will be based off the availability from Hoosier Tire.
- Drivers who purchase tires, but do not attempt to compete in qualifying and/or feature events will lose future tire purchases. This will be monitored and reviewed after each event.
- All purchases are at the discretion of the Tire Official or Oval Track Operations Director. Any questions should be directed to them.
