### **Is event admission included with hospitality?**

We have found that it is better for groups that we offer the admission separately. This allows the organization a few options. Sometimes guests are already attending the races and do not need admission. Sometimes offering food and admission can be costly to an organization. The other option is to have your guests pay their own way in at a discounted rate. Please note that all final prices will include 10% Connecticut Admission Taxes.

### **How do I get charged on guest head count?**

We will contact you 5 days prior to your event to go over details and determine the guaranteed head count. A guaranteed head count is what we base the final charges for your event regardless whether or not your guests actually attend the event. You are always welcome to add additional guests up to the day of the event. The final bill will reflect the additional guests

### **Do my guests need tickets and how do they get them?**

We work with each organization to determine the best way to handle the distribution of the admission tickets and food wristbands for your event. Some options are to provide your organization with all tickets and wristbands in advance or you can provide a list of names and guests can pick up tickets and wristbands at Will-Call window.

### **You would like to treat our employees, but what about their family members?**

We understand the treating your employees and their family members can really increase the cost of your event. We will work with your organization to find the best way to include guest's family members aside from the traditional event admission so they can enjoy the night with them.

### **What other options can be provided?**

We offer many additional options for your event under the tent. For example,

Would you like to have DJ?

How about having a racecar on display?

Meet and greet with a driver?

Want to include pacecar rides to a few select VIP guests?

These are just a few options that can be an exciting addition to your special event
