Description: Tire Purchase Limits: UPDATED from the 6/30/21 Notice

Attention Teams,

With the events beginning Saturday, July 3rd, tire purchasing limits were implemented to conserve tires and try to ensure that there is some availability for teams. Even with rainouts the tire situation has not improved, nor have more tires become available. While our available allotment is still the same as it was, we now have to make that allotment last even longer while we work with Hoosier Tire on any available alternatives. At this time, we will be making some adjustments to the previous released Tire Purchase Limits, and allotments

Please review the following updates:

- Teams will be limited to the number of tires they are allowed to purchase from the Hoosier tire truck. Refer to the schedule below for the tire purchase limits each week:

Tire Purchase Limits by Event Date:

<i>Tire Purchase Limits by Event Date</i>

SK Light	OFF	1	0	1	0
Mini Stock	OFF	1	0	1	0
Street Stock	1	0	OFF	0	1
Open Street Stock	OFF	OFF	0	OFF	OFF
Trucks	2	0	OFF	1	OFF

Late Models are currently not on a Tire Limit however we are monitoring that and will make changes if needed.

For new SK Modified® Teams and SK Light Teams, you will be allowed to start their inventory with 6 Tires total, which may include used and new tires, however you can only purchase 1 new Right Side tire from the Hoosier Tire Truck at the Race Track at your first attended event.

- The Hoosier 2040 will be added as a left side tire compound for the SK Modified® and SK Light Modified divisions until further notice.
- All Teams will receive a dated tire coupon when they sign-in for each event.
- Coupons are not allowed to be transferred to another team, and are only good for that event.
