## 2024 Weekly Tire Rules for Late Models, SK Lights, Street Stocks, Trucks, and Mini Stocks

**UPDATED 6/29/24 (Added Street Stocks and New Competitor)**  
**UPDATED 8/25/24 (Added Trucks, and updated New Competitor)**

Tire Inventory is assigned to the driver unless otherwise noted and approved by New London Waterford Speedbowl Management.

Opening Day purchase limit is 6 Tires for your inventory.

Tires may be marked at certain events. In those events, must race on the tires you qualify on. Any changes between qualifying and feature events must be approved by the NLWS Tire Official or designee. This will be communicated prior to the event and/or at the Drivers Meeting.

### Late Models, SK Lights, Street Stocks, and Trucks:

All tires that are being placed into your inventory **MUST** be written on the weekly tire sheet and left with the designated NLWS Tire Official prior to leaving the Hoosier Tire Truck.

Any spare tires **MUST** be out of your 2024 inventory.

Drivers that have non-inventory tires on their car during qualifying or feature events will be penalized.

All bar codes must be clearly legible. Any bar codes that cannot be read to identify the tire will cause that tire to be deemed illegal.

If a driver changes cars for qualifying or feature events, their inventory **MUST** follow them to the new car.

### Street Stocks, Trucks, and Mini Stocks:

You must check off how many tires you purchased from the Hoosier Truck on your Tire Sheet. We are only limiting how many can be purchased each week per driver at this time. The weekly tire sheet must be left with the designated NLWS Tire Official prior to leaving the Hoosier Tire Truck.

Teams may also purchase up to 4 practice tires if they did not previously purchase any directly from Hoosier Tire prior to 5/4/24.

Opening Day Spares (if needed) may be your practice tires or used tires from last season.
