2025 Weekly Tire Rules for Late Models, SK Lights, Street Stocks, Trucks, and Mini Stocks
(UPDATED 7/21/25) Changes in RED

EFFECTIVE 8-2-25

Due to recent price increases by Hoosier Tire in Indiana, we have updated our tire rules for Street Stocks, Trucks, and Mini Stocks. You will now have 2 weeks that are no tire weeks. This means you can not purchase or bring into your inventory additional tires. There has been no change to the Late Model Tire rules at this time.

SK Lights will also have 2 weeks that are no tire weeks. Additionally, SK Lights have been added 1 additional tire on 8/9/25 for their extra distance race. Tires purchased on that day MUST be run during the qualifying and feature event.

Tire Inventory is assigned to the driver unless otherwise noted and approved by New London Waterford Speedbowl Management.

Opening Day purchase limits to begin your inventory are: Late Models/SK Lights 8 Tires. Trucks/Street Stocks/Mini Stocks 6 Tires.

There is no “banking” of tires. If you do not purchase the allotted tires for the week, you are not able to add them at a later date.

All tires that are being placed into your inventory MUST be written on the weekly tire sheet and left with the designated NLWS Tire Official prior to leaving the Hoosier Tire Truck.

Any tires used for qualifying, or feature events MUST be in your 2025 Tire Inventory.

Tires may be marked during Heat Races for certain events. When marked for Heat Races, they must also be used in the feature event. Any changes between qualifying and feature events must be approved by the NLWS Tire Official or designee.

Any spare tires MUST be out of your 2025 inventory.

All bar codes must be clearly legible. Any bar codes that cannot be read to identify the tire will cause that tire to be deemed illegal.

Drivers that have non-inventory tires on their car during qualifying or feature events will be penalized.

If a driver changes cars for qualifying or feature events, their inventory MUST follow them to the new car.
