## 2026 Weekly Tire Rules for Super-X Cars

Tire Inventory is assigned to the driver unless otherwise noted and approved by New London Waterford Speedbowl Management.

The purchase limit at your first event is 6 Tires up until the 3<sup>rd</sup> event of the season. After the date of your divisions 3<sup>rd</sup> event, it is the amount listed below.

Tires may be purchased at Hoosier Tire in Manchester, at the track on Saturdays (Hoosier will have a limited supply weekly). Also there is a limited supply available at the track on Thursday for purchase.

There is no “banking” of tires. If you do not add the allotted tire(s) for the week, you are not able to add them at a later date.

All tires that are being placed into your inventory MUST be scanned by the designated NLWS Tire Official.

Any tires used for qualifying, or feature events MUST be in your 2026 Tire Inventory.

Tires may be marked during Heat Races for certain events. When marked for Heat Races, they must also be used in the feature event. Any changes between qualifying and feature events must be approved by the NLWS Tire Official or designee.

Any spare tires MUST be out of your 2026 inventory.

All bar codes must be clearly legible. Any bar code that cannot be read to identify the tire will cause that tire to be deemed illegal.

Drivers that have non-inventory tires on their car during qualifying or feature events will be penalized.

If a driver changes cars for qualifying or feature events, their inventory MUST follow them to the new car.

Opening Day Spares (if needed) may be used tires from last season. Must be approved by a NLWS Official.
